

**PRODUCT DEVELOPMENT****LG AIR CONDITIONING TECHNOLOGIES****BULLETIN****BULLETIN #09062017A**  
**Discontinuation Annoucement for Single Zone Art Cool Gallery**  
**9k/12k Btu**

As you may already be aware, Single Zone Art Cool Gallery units have been discontinued globally and will no longer be available for purchase after depletion of our current inventory. Since there will be no direct replacement product, this product line will convert to 'Legacy' in LG systems once our inventory is exhausted. Our intention was to have inventory on hand through December but stock has moved faster than anticipated and the 9K indoor unit inventory has been depleted.

Please see estimated timing below outlining when stock of remaining inventory is anticipated to run out. Keep in mind that the Multi Zone Art Cool Gallery product line remains in production for Multi F and Multi V and will continue to be available for purchase.

Should you have any questions, please contact your local LG Salesperson.

**End of Life Model list - Single Zone Art Cool Gallery**

1. 9kBtu Indoor unit : LAN090HVP (Out of Stock – not available for order)
2. 9kBtu Outdoor unit : LAU090HVP (Some limited stock available – ~20 units)
